

Rev. Bello Returns Home After Illness

Returning home from the hospital this week was Rev. Arthur E. Bello, rector of St. Andrew's Episcopal Church, who has been ill for several weeks.

Parishioners were told yesterday that Rev. Bello expects to officiate at today's Thanksgiving services and at next Sunday's service.

Special events are being planned by the church for Nov. 30, which is St. Andrew's Day, the day of the church's patron saint, Rev. Bello reports.

COAL NEEDED
Manufacturing industries in the United States consume upwards of 175 million tons of bituminous coal annually.

Holy Communion Service Slated At St. Andrew's

Rev. Kenneth C. Eade and Rev. Arthur E. Bello will officiate at a Holy Communion Service at the St. Andrew's Episcopal Church at 8 this morning to commemorate Thanksgiving Day.

An Advent Corporate Communion for men and boys will be held at 8 a.m. Sunday, Nov. 29, followed by a breakfast in the parish house with the women's auxiliary as hostesses. This is an annual affair celebrated throughout all Episcopal churches in the United States. The regular 8:30 and 11 a.m. services will follow the breakfast.

The Rt. Rev. Francis Eric Bloy, bishop of the Los Angeles Diocese, will administer the rite of confirmation to a class of about 20 persons at 5 p.m. on the afternoon of Nov. 29.

Following the confirmation, Bishop Bloy will dedicate a garden shrine on the church grounds to the memory of Minnie Brooks, a member of St. Andrew's Church for many years. Many of her friends in the church and from outside the parish are expected to witness the dedication.

FILM STAR . . . Aly Wassil is one of the stars of the religious film "This Gathering Storm," which will be shown free of charge by the Torrance First Baptist Church at the Civic Auditorium on Nov. 27 at 7:30 p.m. Filmed in wide dimension and in color, the picture will be shown on a 50 foot wide screen. It tells the story of Dr. Bob Pierce, missionary, and his travels through Korea, India and Japan.

Letters To The Editor

Polio Victim Expresses Appreciation For Letters Received in Hospital
Dear Editor:

From the bottom of my heart I wish to thank all of my friends of Torrance High School who were so kind to me during my illness of polio at the General Hospital. I wish you could all understand what all these cards and letters meant to me. You don't realize how many friends you have until a disease or any sickness hits you in your home.

I also wish to thank the many friends that were so kind and helpful to my parents. I wish I could express my gratitude more, but I am sure each and every one of you understand.

I have been home for a week and can receive company by the first of next week. I wish to thank the Torrance Herald also for its kindness.

Many, many thanks to you all.
Miss Carol Jones
917 Acacia Ave.
Torrance, Calif.

Church To Host Missionary and Family Sunday

A missionary family, recently returned from Japan, will present pictures and a lecture on their work at the 7:30 p.m. service at the Foursquare Church, 1207 El Prado, Sunday.

The missionaries, the Rev. and Mrs. Carl Lucht, will also speak and show pictures at a combined group service at 8:30 p.m.

The Rev. and Mrs. Lucht went to China in 1948 and worked among the Chinese people until forced to evacuate by the Communists in January 1951. Rather than return home, they moved southward to Japan, where they have done missionary work ever since.

They have been located in Hiroshima, site of the atomic explosion of World War II, and have worked from there to many outlying regions. They will tell of the people, their customs, their worship and acceptance of the gospel.

The Luchts have had the privilege of helping to break down the prejudice and hatred for the American people in Hiroshima, as even yet the ravages of the

'Man's Sonship With God' To Be Radio Sermon Topic

"Christian Science Reveals Man's Sonship With God" will be the subject of a lecture to be broadcast over Station KFWE Tuesday, Dec. 1, at 8 o'clock, from Second Church of Christ, Scientist, Pasadena.

The lecturer, Lela May Aultman, C. S., of Denver, Colo., is a member of The Christian Science Board of Lectureship.

CIVIL DEFENSE
Val Peterson, Civil Defense Administrator, has announced that he would ask Congress for \$550,000,000 next year, which is fourteen times the amount appropriated for Civil Defense in 1953. The money would be spent to build up supplies of medicine and equipment to help citizens put out fires if their communities were attacked, and to match expenditures by states and localities.

atomic bombing are in evidence. Decision Day, especially for children, is planned for the 10:45 a.m. service. There will be a children's choir, composed of the Junior Department of the Sunday School, and the sermon topic: "Just Supposin'" designed for the children, will be delivered by the Rev. M. Lowen. Parents and friends are cordially invited to attend also. The Sunday School bus will remain until after the morning worship hour.

New Treatment For Arthritis And Muscle Pain

TORRANCE — If you have been suffering for years from arthritis and muscle pain, do not despair. Dr. Larson's new application of the latest scientific therapy is promising new hope for relief of the crippling torture of arthritis and rheumatic conditions. You are invited to come in for a complete examination to discover the true cause of your condition. Price for this examination is only \$3.00. Phone FAirfax 8-3738 before coming to offices of Dr. R. A. Larson, D.C., Ph.C., 1110 Sartori Avenue, Torrance (three doors north of Torrance Blvd.) —Adv.

'Dreams of Future' El Camino Thanksgiving Homecoming Theme

"Fantastic Dreams of the Future" will be previewed as El Camino College stages its annual Homecoming parade through halves of the Warrior-Harbor football game at 12 noon today in the El Camino stadium.

Leading the parade of 13 floats will be Queen Barbara Ellis of Inglewood and her princesses, Marian McDonald of Torrance, and Nancy Smith of Inglewood. Miss Ellis and her court were installed at ceremonies conducted Friday evening at the El Camino-San Diego football game.

Three divisional trophies will be awarded winning organizations in float judging. Donors are the Kiwanis clubs of Torrance, Hawthorne, and Hermosa Beach. A sweepstakes award donated by the Associated Students will also be made. Divisional awards are made for women's social, men's social and service and special interest clubs.

Trophy Retired
Phi Sigma Upsilon fraternity has emerged winner of the sweepstakes award each year since the Homecoming parade was inaugurated to take permanent possession of one trophy and win the first leg on a second, Chi Theta Chi, winner of the trophy in the women's social division classification last

50,000,000 Telephones Now Serve the Nation

In the West alone, more than 6,000,000 telephones are at work

INVENTED 1876

1,000,000 1899

30,000,000 1946

50,000,000 1953

It took 23 years to install the first million; yet 20,000,000 telephones have been installed in the United States since 1946.

- America's 50 millionth telephone went into service in the White House office of President Eisenhower just a few days ago. Yet, only 77 years ago, America's telephone system consisted of little more than a wire strung through an attic in Boston. Today telephone service binds together the great nation it helped to build. In the 77 years since its invention, the telephone has become an important part of the American way of life . . . a means of chatting with friends . . . an indispensable tool of commerce . . . a vital link in our vast chain of defense.
- About 5,300 telephone companies serve the United States. Of these, more than 200 are located in the Pacific West. Working together they have made the world's best telephone service available at a reasonable price . . . well within the means of nearly everyone.
- In the Pacific West we've added telephones even faster than the nation as a whole. Since January, 1946, Pacific Telephone alone has added over 2,225,000 telephones. This has nearly doubled the number at work. We've also improved equipment to make your telephone serve you better.

Each telephone we add makes yours more valuable

Each time a new telephone is installed, your telephone becomes more useful. For each new telephone means you can call more people. More can call you. Thus, every day, your telephone service increases in value, while it remains low in cost.

YOUR TELEPHONE IS ONE OF TODAY'S BEST BARGAINS
